DETAILED ACTION

Allowable Subject Matter

1. An "Amendment" was received on April 19, 2004, in response to Office Action of December 16, 2003. Claims 1, 7, 9, 12, 13 and 16 have been amended, and claims 11 and 14 have been canceled, as indicated.
2. Claims 1, 2, 7, 9-10, 12-13 and 15-20 are allowed.
3. The following is an examiner's statement of reasons for allowance:

With respect to independent claim 1, prior art fails to disclose a mass spectrometer comprising: an ion source to produce ions from a substance to be detected and detector means includes at least two detector elements, each of which elements detects a part of the quantity of ions from the ion source; attenuation means and means for generating secondary electrons from the ions, wherein the attenuation means are placed before the means for generating secondary electrons and act to attenuate the quantity of ions reaching at least one the detector element relative to one of the two detector elements, and wherein one of the detector elements is connected to a time-to-digital converter (TDC) to allow counting of detected ions and at least one of the detector elements is connected in parallel to both a time-to digital converter (TDC) and an analog-to digital converter (ADC) for ion detection.

With this arrangement of the present invention, it is possible to measure the quantity of ions with and without attenuation, which means that both single and multiple ion detections can be quantified more accurately and a high dynamic range for the mass spectrometer can be achieved. This is achieved by parallel acquisition or

interleaved acquisition of signal from ion beams with significant attenuation, at one detector and almost no attenuation at another.

Claims 2, 7, 9-10, 12-13, and 15-20 are allowed by virtue of their dependency.

Conclusion

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments of Statement of Reasons for Allowance".
